30th September 2011

Dear Ashokji -

I am writing to inform you that the PMGSY proposals submitted by Government of Rajasthan for 1076 works with the length of 3602.76 kms and valued at Rs.885.82 crore has been given the final approval. This would cover 115 habitations of population over 1000, 960 habitations of population over 500 in tribal and desert areas including clusters and another habitation of population over 500 with clusters (as an R&D project).

I should mention here that this approval has been granted even though we have not yet frozen the final revised core network for Rajasthan. I am told that the state government has promised to submit the final core network maps at 1:50,000 scale in the next two months. **But I thought given the importance of PMGSY in Rajasthan, we should give approval straightaway taking the state government's commitment in good faith.** There are some other technical requirements that need to be met which your officials know about.

With personal
With regards,

Yours sincerely,
Jairam Ramesh
(Jairam Ramesh)

Shri Ashok Gehlot
Chief Minister
Government of Rajasthan
